200ft/60m; 225ft/67.5m; 250ft/75m

TECH SPECIFICATIONS

Features

12G-SDI Compatibility

Unlock the full potential of 4K with 12G-SDI support. These cables effortlessly handle ultra-high-definition content, delivering sharp images and vibrant colors without compromise.

Interference Rejection

Say goodbye to signal disruptions. The cables are equipped with a woven shield that effectively rejects electromagnetic interference, providing you with a clear and consistent video feed.

Extended Reach

Cover distances up to 70 meters without sacrificing quality. The BG-CAB-12SDI gives you the flexibility to set up your equipment wherever you need, making it ideal for both studio and on-location shoots.

Unmatched durability

High-Quality Construction

The BG-CAB-12SDI is built on a foundation of precision. It employs 75-ohm shielded coaxial cable and premium BNC connectors, ensuring minimal signal loss and maintaining the integrity of your video data.

Durable Design

Built to withstand the demands of various setups, these cables are a reliable choice for both temporary and permanent installations. Their durability ensures a consistent and dependable SDI connection.
