

BG-OMNITALK

USB/BLUETOOTH DESKTOP CONFERENCE
SPEAKERPHONES WITH 360 AUDIO PICKUP UP TO
16FT

Introducing the BG-OMNITALK Bluetooth Conference Speakerphone – a robust audio solution designed to cater to modern communication requirements. With its 360° omnidirectional microphone array, 5-meter voice pickup range, and seamless integration with popular conferencing applications, this speakerphone is perfect for a wide range of uses, from business meetings and online conferences to distance education.

Experience exceptional audio quality with advanced features such as deep echo cancellation, adaptive amplification technology, and versatile wireless connectivity options. These features ensure that your communication is always crystal clear and in high definition, fostering improved collaboration among participants.

The device's compact size and user-friendly design make it incredibly easy to use, and its compatibility with various operating systems adds to its adaptability and effectiveness across different scenarios.
